

“Blind painter”

Instructions for the leader of a group:

Your task is directing your group of "blind painters" so that to recreate the following figure as accurately as possible. The more closely your "blind painters" draw a house, the greater the chance of winning for your group.

Remember, however, that:

- *you cannot show a drawing to the group*
- *while directing of the group you can use only words,*
- *you cannot use the names of objects which should be drawn (eg. window, door, roof, etc.).*
- *You cannot draw for them or gesticulate.*

Good luck!
